1st GALACTICA Hackathon

Challenge: propose new solutions to combine advanced manufacturing with aerospace and/or textile

SMEs & Start-ups

€ 25.000
WINNER

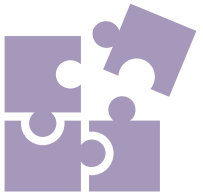

€ 10.000
RUNNER-UP

Students

€ 10.000
WINNER

€ 5.000
RUNNER-UP

What is GALACTICA Hackathon?

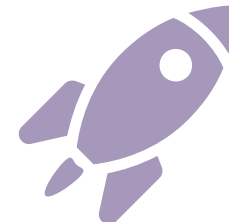

An **open-innovation challenge** aimed to find new early-stage ideas that combine advanced manufacturing with aerospace and/or textile

The competition will run in February and March 2021. It is open to teams from **SMEs, Start-Ups and Students** within the European Union

All **projects will be evaluated by experts** from 10 European clusters and organisations, both from a technical and business perspective

4 teams will be awarded a **total amount of € 50,000** to develop their ideas and will have the chance to access other GALACTICA support tools

Why should I participate?

To obtain **financial support** for early-stage new ideas to combine advanced manufacturing with aerospace and/or textile. Companies can get up to € 25,000 and students up to € 10,000 (**total prizes € 50,000**)

To access a wide **European network** of clusters and organisations, thus obtaining **visibility for the project** and gaining the opportunity to connect with key players in multiple industrial sectors

To have the chance of accessing **additional tools** offered by GALACTICA project (Orbital Projects, Pioneer Acceleration) to further support the **scale-up of innovative ideas** and create new value chains

How to register?

1. Access GALACTICA **website by 29 January**: <https://galacticaproject.eu>

2. Within the Events section, go on **Hackathon** page

3. Check the **terms of participation** at the end of the page

4. Click on **Register** and compile the form with your team's details

5. You will be **updated via email** with all the details

6. **Get ready** for the challenge!
